Our love for the power of nature is no secret. What's more, plants have been in use since ancient times in skincare products and perfumes. Cavalor® ProScent is a brand-new blend of essential oils that acts to neutralise your horse's natural body odour. It has a lovely fresh botanical scent, or in any case that's how it smells to us humans. In addition to its fresh scent, the essential oils in Cavalor® ProScent (Lemon Eucalyptus, Tea tree and Lavender) keeps the horse's coat also shiny and healthy.
